

# 2025 Photovoltaic Panel Manufacturers Ranking

How pvbl ranked the top 20 global photovoltaic inverter brands in 2023?

On the first day of the conference, PVBL's annual ranking of the Top 20 Global Photovoltaic Inverter Brands was announced. Preferential policies promoted the inverter market growth in 2023. Most of the major inverter companies won a large amount of orders and expanded their capacity with high shipment volume.

What are the top solar panel manufacturers?

The top global solar panel manufacturers, based on their scale, include companies such as TW-Solar, JA Solar, AIKO, and others - these manufacturers ship a large number of solar products around the world each year.

What are the top 5 solar module manufacturers in 2023?

The total module shipments of the top 5 manufacturers nearly reached 300GW in 2023. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as last year.

Who are the top solar companies in the world?

In August 2023, Tongwei Group made history as the first solar PV company on the Fortune Global 500 list, and is currently the only solar company on the global list (as of March 2024). The top seven global solar panel manufacturers are mostly (though not exclusively) Chinese.

Who is the largest solar panel manufacturer in the world?

Tongwei Solar (TW-Solar) is the largest solar panel manufacturer in the world. TW-Solar shipped a whopping 38.1GW of solar modules in 2022, doubling Trina Solar's shipments and achieving an annual revenue of USD \$20.57 billion (≈16.2 billion). In August 2023, Tongwei Group made history as the first solar PV company on the Fortune Global 500 list.

Who will dominate the global PV module market in 2023?

A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 440GW in 2023, gradually taking over the global PV module market with their unique advantages. LONGi, the king of the PV industry, will supply 66.44GW of modules in 2023, up 42% year on year.

4 &#0183; As a world leader in solar panel production, China also excels in manufacturing best solar inverters, the pivotal devices that convert solar-generated DC power into AC power usable in homes and businesses.. The Chinese solar inverter market has shown significant growth and is projected to continue expanding rapidly. In 2023, the market generated \$2.33 billion and is ...
