

Can plastic lockers hold snacks

Why would Cool Lockers®; Plastic Lockers Replace Traditional Wood and Metal Lockers? Metal and wood lockers are less durable compared to heavy-duty plastic lockers. Our HDPE plastic lockers require minimal maintenance and are easy to clean. They can be cleaned using chemicals to eliminate bacteria and other contaminants.

The British Plastics Federation says plastic food containers made from polypropylene or polyethylene, or a mix of both, "generally" don't contain BPA or phthalates.
