In the ...

Following on from the company's Leshan facility, JinkoSolar's Chuxiong plant has now become its second 100% renewable electricity-powered factory, as part of its ongoing ...

I have a spreadsheet consuming my power usage from solar, and power sold from solar, and it tracks payback at about 9.5 years. People who build smaller systems here or buy cheaper equipment usually get a shorter payback. If there is no way to sell power back to the grid, or no net metering, I think it would be very hard to get a good return period.
