

ESS container project financing options in Nepal 2025

Who is the primary financier of infrastructure in Nepal?

Mr Lal Shankar Ghimire mentioned that the primary financier of infrastructure in Nepal is the government whereas private investments account for a comparatively smaller share. As enlisted in the federal budget, the various sources of financing for the government include revenue, foreign grants, domestic borrowing, and foreign borrowing.

Why do SMEs need Finance in Nepal?

SMEs in Nepal have a low capital base, poor access to technology, and inadequate knowledge and information to help them scale their businesses. In accessing finance, they must deal with high and variable interest rates, large collateral requirements and protracted timelines to navigate cumbersome loan approval processes.

What sectors will support Nepal's Economic Development?

Supporting sectors will include public sector management, finance, trade, and private sector development, alongside climate adaptation. Nepal faces unique economic constraints due to its landlocked and mountainous geography, which raises trade and production costs and limits regional market access despite its proximity to India and China.

Are Chinese loans profitable for Nepal?

He gave an example how projects built on Indian or Chinese loans require using resources, both human and capital, to be imported from the lending country. Pokhara International Airport, built under Chinese loans, with an interest rate of 2% and repayment period of 13 years, is not profitable for Nepal.

What is invest for impact Nepal?

Invest for Impact Nepal (IIN) is a three year programme funded by British International Investment (BII); FMO, the Dutch Entrepreneurial Development Bank; and the Swiss Agency for Development and Cooperation (SDC). This scale up phase is from July 2022 to July 2025.

How can DFIs accelerate transformative investment in Nepal?

Support DFIs active or interested in Nepal with the ultimate objective to accelerate transformative DFI investment into Nepal. Facilitate coordination between DFIs to reduce risks, raise returns and enhance development impact.
