What does wholesale buying mean?. In brief, when you buy solar equipment from a wholesaler, you're purchasing discounted products in bulk to resell at higher prices to solar customers. The bigger the order you place, the larger your discount will be. You take the bulk inventory and parcel it out to resell in smaller quantities per solar job.

Solar panels can last anywhere between 25 to 30 years, sometimes more. This doesn't mean that the panels on your roof will stop producing electricity after a couple of decades. It just means their energy production will decrease by what solar panel manufacturers consider optimal to meet the average household's energy needs.
