

Is SSE Renewables launching a 'sunny south east' project in Ireland?

SSE Renewables has taken its first steps into solar generation and associated battery storage in Ireland, with plans to develop a co-located project at its existing operational wind farm asset in the country's 'sunny South East'.

What is Energy Storage Ireland?

Energy Storage Ireland is a representative association of public and private sector organisations who are interested and active in the development of energy storage in Ireland and Northern Ireland. Delivering the energy storage technologies to enable a secure, carbon free electricity system on the island of Ireland by 2035.

Could battery storage and solar power be co-located with onshore wind farms?

SSE Renewables recently launched a fleet-wide assessment of sites where battery storage systems and solar generation technology could be co-located with existing onshore wind farms.

Where would a proposed solar farm be located?

The proposed solar farm would be located in the townlands of Hooks and Yoletown while the proposed BESS would be co-located adjacent to the existing substation at Richfield wind farm.

Where is Statkraft building a battery storage project in Ireland?

Statkraft is currently building Ireland's first 4-hour duration battery storage project in County Offaly, in Ireland's midlands.

Can I share MEC grid connection capacity in Ireland?

The sharing of Maximum Export Capacity (MEC) grid connection capacity is not currently permitted in Ireland. While system constraints can last longer than four hours, the 4-hour Fluence system was a technology Statkraft had the confidence to deliver, and one that the company feels could mitigate the constraint risk.

Greenergy sells 10% of Chilean megaproject to CVC DIF for \$475mn Greenergy has finalised the sale of the fourth phase of its hybrid solar-storage project in Chile to CVC DIF, valued at up to \$475mn, while retaining operation and maintenance ...

The Estepa project will be a hybrid system composed of a photovoltaic solar plant with an installed capacity of 215 MW and an estimated generation of 600 GWh per year.

DNV has played a key role in providing comprehensive advisory services to Atlas Renewable Energy to secure USD 510 million in financing for the landmark Estepa hybrid ...

Hybrid solar storage project financing options in Ireland 2026

DNV, an unbiased vitality professional and assurance supplier, has performed a key position in offering complete advisory providers to Atlas Renewable Power to safe US\$510 ...

Santiago - April 21, 2025 - Atlas Renewable Energy, an international leader in renewable energy solutions, secured the largest financing in its history for Estepa, a hybrid solar photovoltaic and ...

DNV has provided advisory services to Atlas Renewable Energy to secure US\$510 million in financing for the landmark Estepa hybrid solar and battery storage project in Chile.

Concerned about the price of hybrid solar panels in Ireland? Learn about the costs, installation, grants, and long-term benefits in our detailed analysis.

Strategic Power Projects sold Project Monvallet to L& G NTR Fund, adding 211 MW in County Louth, with solar construction starting in 2025 and BESS in 2026.

The Estepa project will be a hybrid project consisting of a 215 MW solar project with an estimated generation of 600 GWh per year. The project also includes two battery ...

To assess the impacts of these developments on investment and deal flow, the American Council on Renewable Energy (ACORE) surveyed companies that actively develop or finance U.S. ...

SSE Renewables has taken its first steps into solar generation and associated battery storage in Ireland, with plans to develop a co-located project at its existing operational ...

Energy Storage Ireland is a representative association of public and private sector organisations who are interested and active in the development of energy storage in Ireland and Northern Ireland.

Paris, August 7, 2025 - Independent renewable energy company Qair announces the closing of a new loan to support the implementation of a hybrid solar photovoltaic and battery energy ...

Scatec, a renewable energy solutions provider, has secured \$479.1 million of non-recourse project financing to develop the Obelisk hybrid solar and battery storage project ...

Santiago, Chile, 22 May 2025 -- DNV, the independent energy expert and assurance provider, has played a key role in providing comprehensive advisory services to Atlas Renewable ...

Qair has announced the closing of a new loan to support the implementation of a hybrid solar photovoltaic and battery energy storage system project in Mauritius.

Together with the \$60M in tax equity previously raised (through Investment Tax Credits), this transaction

Hybrid solar storage project financing options in Ireland 2026

values the portfolio of solar plants and batteries at approximately \$795M. The ...

Atlas Renewable Energy has raised \$510 million in funding for its Estepa Project, a massive hybrid solar photovoltaic and battery energy storage system (BESS) in ...

MIAMI, FL, UNITED STATES, April 21, 2025 / EINPresswire / -- Atlas Renewable Energy, an international leader in renewable energy solutions, secured the largest ...

The industry focus is now on solar+storage project evaluation and design Solar+storage projects will remain competitive with other resources in the future, and the need for firm capacity and ...

DNV has provided advisory services to Atlas Renewable Energy to secure US\$510 million in financing for the landmark Estepa hybrid solar and battery storage project in ...

A guide to the One Big Beautiful Bill Act & its impact on federal solar incentives. Learn how phase-outs in 2026 affect energy projects.

The L& G NTR Clean Power (Europe) Fund, a JV between the renewable energy specialist NTR and L& G's Asset Management division, has acquired the Montvallet ...

Zelestra has reached financial close on its Aurora hybrid solar and storage project in Chile, securing US\$282 million to support construction and operation. Located in the ...

Zelestra secures \$282mn financing with Natixis CIB, BNP Paribas and BCI for the Aurora hybrid project in Chile, combining 220 MWdc solar and 1 GWh storage.
