Renogy offers the most compact rechargeable AC power supplies and Portable Solar Generators. Thanks to high energy density battery cells and innovative design features, Renogy Portable Power Stations deliver maximum power while taking up minimum space.

Parallel cables, included with the GB100 Solar Panel, allow you to connect up to 4 panels together for even more charging power. This Generac Portable Solar Generator allows you to power a wide range of electronics for indoor emergency use during power outages, or while enjoying tailgating and camping in the outdoors.

Using a solar panel, solar generators take in power from the sun, then store the power in their integrated batteries. The power is converted to usable AC power, allowing you to charge your devices. Solar generators are eco-friendly, quiet to run and, after the initial purchase, very affordable.
