

How much battery storage will Germany have in 2026?

Industry body the Bundesverband Solarwirtschaft (BSW-Solar) expects around 7 GWh of large-scale battery storage to be added during that period. From ESS News German solar trade body BSW-Solar expects the capacity of large battery storage systems installed in Germany to increase fivefold by 2026.

How can a company become a supplier to ESS?

This page serves as an overview of the entry points to ESS, providing guidance on how companies can become suppliers to ESS. Companies interested in ESS business opportunities can register a business profile in the ESS Supplier Portal to enable matching of potential suppliers with ongoing procurements.

What is Germany's BESS capacity in 2024?

By mid-2024, Germany's total BESS capacity reached 16 GWh, which included: Germany led the European BESS market in 2023, with a 34% share, followed by Italy at 22% and the UK at 15%. Germany added 6.1 GWh of installations in 2023, and for 2024, new installations are projected to grow by 17%, reaching approximately 7.1 GWh.

Is the Energy Storage Summit Germany 2025 event guide still available?

Stay plugged in and view the Official Event Guide for all the latest information on Energy Storage Summit Germany 2025 including: The 2025 Show Event Guide is still available. Click the button below to access it now and relive your Energy Storage Summit Germany experience.

How many GWh will BSW-Solar add by 2026?

With 1.8 GWh of capacity installed to date, in systems with at least 1 MW of connected capacity, BSW-Solar expects around 7 GWh will be added by 2026, according to analysis by Enervis on behalf of the membership body. Enervis considered pre-registered projects in the market master data register as well as company announcements.

Where can I find current business opportunities at ESS?

Current and forthcoming business opportunities at ESS are posted in the Procurement Listings. Completed tenders are published quarterly in the Contract Award Notices. All procurement follows the European Spallation Source ERIC Procurement Rules, which align with the EU treaty principles of transparency, non-discrimination and competition.

Get an In-Depth Research Analysis of the Germany Modular Outdoor ESS Market Size And Forecast [2026-2033] Who are the largest Germany manufacturers in the Modular ...
