The Wind Turbine Generator For Home is a premium choice in the Wind Generator category. Sourcing wind generators wholesale offers cost efficiency, large inventory availability, and consistent product quality.

A complete wholesale service for PV and Wind installers throughout the UK; Help with product selection; Expert installation support; System trouble shooting; Access to world leading ...

This provides excellent value to users of this durable and reliable small wind turbine. As wind speeds increase, the SD6 will maintain output and performance. When compared to alternative wind turbines, which need to brake themselves in strong wind conditions, the SD6 is the small wind turbine of choice.
