

Yingli Solar Power Generation Scam

Who manufactures Yingli solar panels?

Yingli is one of the world's largest solar panel manufacturers (NYSE:YGE), and at its peak has been the largest panel supplier. The company produces over 4 GW of solar panels every year. It has grown rapidly over the years and has shipped more than 24 GW of panels to over 100 countries.

Are Yingli solar panels good?

o Yingli Solar panels are affordable: the prices are on par with brands like Trina Solar or JA Solar. o The panels show great efficiency numbers that range from 20% to 22%. o The warranty for Yingli Solar panels is nothing but standard: 12 years for the product and 25 years for performance. Bifacial panels get a 30-year output warranty.

How much power does a Yingli solar panel produce?

In the case of Yingli solar panels, it is between 315W - 450W. The positive power rating for Yingli solar panels is listed at 0/+5 W, meaning that the panels will not produce less than their power rating but they might produce as much as 5 W more than their highest rated wattage.

Do Yingli solar panels have a warranty?

o The warranty for Yingli Solar panels is nothing but standard: 12 years for the product and 25 years for performance. Bifacial panels get a 30-year output warranty. o During the years of Yingli Solar's decline, some customers reported having trouble with getting warranty support.

What types of solar panels does Yingli Solar offer?

Yingli Solar now offers only monocrystalline, half-cell solar panels. In the past, the company provided full, polycrystalline modules. Here's an overview of the panels Yingli Solar offers:
